

County Councillor Dr Marie Strong

Wells Division (Glaven, Priory & Walsingham Wards)

Speed in Wells: I trust Councillors will be pleased to know that I have now given my permission for the next stage towards limiting the speed in certain areas of Wells. Whilst I am naming the relevant road/streets, with the exception of Waveney Close the speed reductions relate to parts of the road/streets and the full details will appear on the notices which if not already publishes will appear shortly: 20 mph: Burnt St/Church Street, Market Lane, Waveney Close. 30 mph: Burnt Street, Church Street/Stiffkey Road, Mill Road/Two Furlong Hill. As you know additionally there will be a 'part-time speed restriction down Polka Road past the school. The restriction will apply during term-time for pick-up and drop-off times (around 8am-9:00am and 2:30pm-3:30pm). We cannot make all of Wells a 20 mph limit but these changes go long way towards meeting concerns.
