

Police Report
Safer Neighbourhood Team
PCSO Phil Berkeley 8499
SNT Wells

Good Morning Greg

Hope this finds you well. I have to make formal apologies on our behalf, it should be me, BUT I have to attend a hospital appointment this afternoon, so Sorry.

On the crime front it, has been a calm month, with 2 recordable, one a shoplifting and another of a theft of a scooter which actually didn't occur in Wells but the RO Was Wells based, hence it being recorded at Wells.

On a more general note, I saw 11 youths at the Skate park last night, and I couldn't help but think.....how entertained they were and no doubt to the benefit of the town.

Also words of the possible Bollard removal has reached this office, needless to say, depending on what the final outcome of this, we could consider this as priority for the next SNAP, so that we could "focus" our attention on it and that of our colleagues. By the way Homewatch membership in the town is quite remarkable, equally spread though out the town it numbers in excess of 200 and rising, which proves there is an appetite for community lad initiatives so I thank you for your on-going support. If there is anything of particular police interest arises from the meeting Please e mail me at berkeley@norfolk.pnn.police.uk and I will give it full attention.

Regards

Phil
