

Hi

I have a problem with my car, my wife has just got back from work and we have a problem.

So I have to give my apologies.

I have reported all problems with toilets, baby changing sign is inside the unit. Will further push this issue. Checked cleanliness on 3 occasions and have seen no issues.

Glyphosphate Portfolio holder is changing all new contracts to remove.

Free Car Parking for Remembrance Sunday, machines will be covered.

Electric Car charging points 6 to be put in Stearmans Yard.

Stackhouse yard issues not yet resolved, ongoing.

Maryland, have spoken to Head of Paid Service who is aware. I am hopeful of some further progress.

Peter
