

Hi Greg,

I am having to self-isolate after being in contact with someone who has tested positive to C19 NHS track and trace.

I will try and join by zoom but connection very iffy at the moment.

I have spoken to officers about litter problems of which they are well aware!, citing shortage of operatives. The same problems are also occurring in other ward areas.

The contract for Stearmans Yard toilets has been awarded.

NNDC have been shortlisted for an award after a year of significant C19 business support performance.

The Council's Canteen contract has been awarded to the local Charity "About with Friends". The charity supports adults and children with learning difficulties.

I hope the talk from the housing team will be useful and helpful.

Hopefully I can join by zoom!

Peter
